## **Good Shepherd Australia New Zealand (GSANZ)**

Our three-year strategy outlines the world we want to see and our role advancing in it. It also speaks to the positive impact we will deliver to support women, girls and families to be safe, secure, strong and connected. We are committed to tackling the issues of our time which adversely affect them. We work to advance equity and social justice and support our communities to thrive.

We seek to increase economic participation and wellbeing, to build resilience, improve safety and bring about system change. We offer microfinance programs and products, financial counselling and coaching, family violence support, family and youth programs, playgroups, education programs and community houses. These services are complemented by research and advocacy to address the underlying structural causes of injustice, exclusion, and inequality.

## **Role Purpose**

---

### **The Orange Door**

A key recommendation of the Royal Commission and the Roadmap for Reform was to establish a network of Support and Safety Hubs (The Orange Door) across Victoria to provide a new way for women, children and young people experiencing family violence, and families in need of support with the care, development and wellbeing of children and young people, to access coordinated support from community, health and justice services. The Hubs will also focus on perpetrators of family violence, to keep them in view and play a role in holding them accountable for their actions and changing their behaviour.

The Orange Door delivers a fundamental change to the way we work with women, children and families, and men. They provide:

- a more visible contact point so that people know where to go for specialist support
- help for people to identify family violence and child wellbeing issues
- advice based on contemporary risk assessment tools and guidance
- specialist support and tailored advice for victims, families and children, and perpetrators
- connection and coordination of access to support
- a system-wide view of service capacity, client experience and outcomes

The Hubs will support the self-determination of women, children and families, to ensure that the services they receive meet their needs and their goals

---

## **The Orange Door Team**

The Orange Door brings together different workforces and practices to create an integrated team and a consolidated intake point in each Hub area to create a new way of support for:

- Women, children, young people and families experiencing family violence
- Perpetrators of family violence
- Families in need of support with the care, development and well-being of children

This will be achieved by drawing on the expertise of Community Service Organisations (including GSA NZ) and their deep connections with people in local areas, and bringing together workers from organisations that currently:

- Receive police referrals for women and children who are victims of family violence
- Receive police referrals for perpetrators of family violence (known as 'Enhanced Intake Services')
- Receive child wellbeing referrals
- Provide the (Child FIRST) Intake, assessment and referral service for vulnerable families
- deliver other relevant services as appropriate, such as those delivered by Aboriginal services

### **GSA NZ Family Violence Intake and Assessment practitioners in the Orange Door will:**

- Deliver screening and triage, assessment, crisis responses, service planning, targeted interventions, allocation and coordinated referrals consistent with the Integrated Practice Framework, Operational Guidelines, Service Specifications and relevant risk assessment tools and frameworks.
- Identify, assess and prioritise risk and needs of women and children who have, or are experiencing family violence, drawing on the expertise of different practitioners in a multi-disciplinary team.
- Deliver services and support via phone, within the physical hub and outreach at client's home or other sites.
- Work collaboratively with the Orange Door team to support integrated risk assessment and planning, including participating in case conferences and meetings.
- Recognise and identify limits of own expertise and when to seek advice or refer client to specialist Orange Door Practitioners or Integrated Practice Leaders to ensure safe practice.
- Identify when a Central Information Point (CIP) request is required and refer request to the Advanced Family Violence Practice Leader.
- Submit requests with Orange Door Team Leader for allocation into core services for clients.
- Apply for brokerage on behalf of clients in accordance with Brokerage Guidelines.
- Navigate the broader service system for clients by referring clients to services and providing clients with information and support.
- Record client information accurately on the Hub Client Relationship Management (CRM) system and handle client information in accordance with the Family Violence Information Sharing Scheme (FVISS), information security and privacy policies and requirements.
- Participate in training and development activities designed to build capabilities to work effectively in the Orange Door environment.
- Share integrated service approaches and learnings with members of the Orange Door team and within GSA NZ.
- Contribute to the review, development and implementation of systems, policies and procedures to build and enhance the Orange Door service model.
- Participate in formal supervision and performance development and management.
